Medical Monitoring

Home Basic Help Button

Guardian's Basic Home Help Button connects you to Guardian's 24-hour Medical Monitoring and Command Center so that you can get help from caring, well-trained professionals in the first critical moments of an emergency anytime, day or night.

Care Giver Connect

When you add Care Giver Connect to your personal Help Button, you get the added benefit of a direct connection to your caregiver. This unique, two-way speaker will allow you to speak with your caregiver, nurse or family member, anytime day or night.

Telehealth

Remote Patient Monitoring is remote communication between patient and healthcare professional via our remote monitoring package.

Remote Monitoring packages utilizing diagnostic Bluetooth devices:

- CHF
- COPD
- Diabetes
- LVAD
- Custom
